THE Bengal and Madras Service Family Pension Fund, which is provisionally managed and assisted by Government, has for its object the provision on monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pensions from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the widows and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary of the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision on monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pensions from Government

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the widows and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary of the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government, has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pensions from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the widows and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary of the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

BOMBAY:
The 31st July, 1933.

M. J. ANTIA,

Minutes of the 1st/33rd meeting of the Communications Board, Punjab, held at Simla East on the 30th May, 1933.

PRESENT :

The Hon'ble Sardar Sir JOGENDRA SINGH, Kt., Minister for Agriculture (*President*).

D. J. BOYD, Esquire, C.I.E., I.C.S., Financial Commissioner (Development), Punjab.

D. MACFARLANE, Esquire, I.S.E., Chief Engineer, Punjab, Public Works Department, Buildings and Roads Branch.

T. B. TATE, Esquire, I.S.E., Chief Engineer, Punjab, Public Works Department, Irrigation Branch.

F. H. PUCKLE, Esquire, C.I E., I.C S, Secretary to Government, Punjab, Finance Department.

P. MARSDEN, Esquire, I.C.S, Secretary to Government, Punjab, Transferred Departments.

H. R. STEWART, Esquire, I.A.S., Director of Agriculture, Punjab.

A. C. GRIFFIN, Esquire, O.B.E., Deputy Agent, North-Western Railway.

Lt. Sardar NAU NIHAL SINGH, Man, Manawala, District Sheikhúpura.

Khan Bahadur Sardar HABIB ULLAH, M.L.C., Bar.-at-Law.

Syed MUBARIK ALI SHAH, M.L.C., of Shahjiwana, District Jhang.

Seth MAHA NARAIN, Manager, Ganesh Flour Mills, Lyallpur.

Lala BINDA SARAN, Representative of the Northern India and the Punjab Chambers of Commerce.

Rai Bahadur Lala SANT RAM, I.S.E., Superintending Engineer, III Circle, Public Works Department, Lahore (*Secretary*).

1. The minutes of the last meeting were confirmed.

2. *Considered recommendations of the Finance Sub-Committee of the Communications Board to fix grants-in-aid to be made to District Boards during the year 1933-34.*—The recommendations of the Finance Sub-Committee, reproduced as Appendix I, to the minutes were accepted.

With respect to the grant applied for by the District Board, Sheikhúpura, for the metalling of Mangtánwála-Nankána Sahib road, the Board, though unable to sanction any grant out of the present meagre allotment, felt that the work was very urgent. It was explained that the District Board had completed the metalling of the first 4½ miles from Nankána Sahib end with a lump sum grant-in-aid of Rs. 20,000 from the Communications Board, paid in 1931-32. The District Board has undertaken the metalling of a further length of 2½ miles during 1933-34 at an estimated cost of Rs. 29,075, in anticipation of a grant-in-aid from the Communications Board, and had further submitted an estimate for metalling the remaining 4 miles at a cost of Rs. 47,000 ; the total length being 11 miles.

After some discussion as to the necessity and urgency of the work from the point of view of District and Pilgrim traffic, and the requirements of the Electricity Branch of the Public Works Department, who want a metalled road right up to Nankána Sahib from Lahore and Lyallpur, for easy access to the place for their staff and stores, as they expect a heavy load for the Uhl River Hydro-Electric Scheme there, the Board agreed that Government should be approached to sanction a special grant of Rs. 35,000 for this road.

3. *Considered proposal from the Deputy Commissioner, Gurdáspur, regarding the construction of a link road from Dera Baba Nának Bridge on the Amritsar-Siálkot Arterial Road No. 34 to Doda on the Doda-Shakargarh Road in Gurdáspur District.*—The consideration of the proposal was postponed as it was considered premature owing to the Arterial Road No. 34 (Amritsar-Dera Baba Nának-Siálkot) with which the proposed link is to be connected, having not yet been completely improved and made fit for motor traffic.

4. *Considered note by the Secretary regarding the provision of mile stones, caution signals and direction posts on Class II roads.*—The note reproduced as Appendix II to the minutes was approved, with the proviso that the District Boards should be asked, through the Secretary to Government, Punjab, Transferred Departments, to pay for these improvements entirely from their own funds. It was also decided that a specification for them should be sent to the Secretary, Transferred Departments, for the guidance of the District Boards in this respect.

5. *Considered representation from the Indian Chamber of Commerce regarding the provision of an approach road to the Okára Railway Station.*—It was pointed out by the railway member that the offer to construct an approach road to the Passenger platform, through the existing Level Crossing on the Lahore side and private land round the factories, at railway cost, was made by the Railway Department to the Punjab Government some time back, but was refused. As the offer made seemed to the Board to be reasonable, it was decided to refer the matter to the Financial Commissioner (Development) for reconsideration of the decision of Punjab Government and further action.

6. *Considered note by the Secretary regarding the working of tractors and graders belonging to the District Boards.*—The note is reproduced as Appendix III. Some discussion followed as to the agency of inspection and tuning up of these machines regularly. It was explained that a mechanical overseer was already employed by the Communications Board, who inspects these machines once a quarter in return for an annual fee of Rs. 120 per outfit from each District Board towards his pay and travelling allowance, and that only 7 District Boards had agreed to contribute their share. With a view to encourage the use of this machinery, it was decided that the Communications Board should pay entirely for the services of the Mechanical Overseer and deduct the share of cost from the grant due to each District Board making use of this machinery. The Communications Board should, further, pay 25 per cent. more of the grant due on the prescribed basis of expenditure on roads to those District Boards who make full and proper use of tractors and graders.

7. *Considered application from the District Board, Multán, regarding the promotion of the Vehári-Kacha Khú Road in Khánewál Tahsil to Class II.*—The promotion of the road to class II was accepted.

8. *Considered the revival of the post of a whole-time Engineer Secretary to the Communications Board.*—The Board agreed that the appointment of a whole-time Secretary was absolutely necessary in the interest of efficient supervision of the work and activities of the Board. The matter was already under the consideration of Government.

9. *Considered note by the Secretary regarding the working of monopoly system for the running of public motor vehicles for hire and maintenance of roads.*—It was decided that the Communications Board should recommend that the system in question should not be banned ; but it should be left open to District Boards to restrict the issuing of licenses for hire on

District Boads roads, on such conditions as the District Board may find it necessary to prescribe in the interest of traffic and proper maintenance of the road, subject to the sanction of the Commissioner concerned. The system should not be used as an instrument of taxation. The object should be to develop traffic facilities and, at the same time, to provide means for the maintenance of the road concerned.

10. *Endorsement No. 38804-L. S.-G., dated 17th December, 1932, from the Secretary to Government, Punjab, Transferred Departments, regarding the Indian Aircraft Rules*—Was read and noted.

11. The Board also passed a resolution of condolence on the death of Rai Bahadur Lala Mohan Lal, M.L.C., who was a member of the Board for the last 2 years, and expression of sympathy to the family of the deceased.

JOGENDRA SINGH,
President, Communications Board, Punjab.

SANT RAM,
Secretary, Communications Board, Punjab.

The Sub-Committee considered and discussed the distribution of the maintenance and special repair grant of Rs. 3,00,000 and development grant of Rs. 25,000, proposed by the Secretary.

Maintenance and Special Repairs.—The Sub-Committee recommended an allocation of Rs. 5,500 to works in progress on account of special repairs as per statement No. 2 and also grant of Rs. 6,700 for new special repair works,—*vide* Statement No. 4.

The total amount required for giving grant-in-aid to District Boards for maintenance being Rs. 4,50,000 as per column 9 of Statement No. I, it was recommended that 50 per cent. of this, *viz.*, Rs. 2,25,000 be paid in the first instance, the total amount to be paid on account of special repairs and maintenance being —

APPENDIX II.

Note on the provision of milestones, caution signals and direction posts on class II roads.

IT has been noticed that on some class II roads there are no milestones, and, on almost all of them, the number of caution signals and direction posts is very small and hopelessly inadequate to render the use of such roads safe for the present day fast moving traffic.

2. In these days when almost all of our Public Works Department roads are fully equipped in this way, it is but meet that the District Boards should be encouraged by giving them grants for fixing milestones, caution signals and direction posts on those class II roads where there is sufficient traffic to necessitate their provision.

3. It is, therefore, suggested that a sum of Rs. 3,000 from head development should be earmarked for this purpose and the District Boards asked to submit estimates.

4. When a start has been made in this direction and the District Boards begin to realise the importance of these things, they might undertake to provide them on other roads from their own funds.

SANT RAM,

Secretary, Communications Board, Punjab.

APPENDIX III.

Working of Tractors and Graders.

THE position regarding the working of Graders and Tractors in this Province is anything but satisfactory. The total number of such outfits possessed by several District Boards and the Communications Board itself are 18 and 4, respectively.

In spite of the fact that the usefulness of the grading outfits for purposes of improving and maintaining roads has been established beyond all doubts there has been a steady decline in the popularity of the method during the last two years, with more marked results last year.

Whereas the ratio between the working days and total period during the years 1928—32 has been 40 per cent. it has dropped down to 20 per cent. considering the average for the working outfits alone and below 9 per cent. on the whole during the year 1932-33.

Again the total miles travelled by all such outfits during the year 1932-33 are only 6,706 against the previous four years' average of 15,249.

The irregularity in the working of the outfits and the closing down of several others is due to the failure of District Boards to employ suitable men to look after the machinery. The outfits were placed in the hands of half-trained mechanics who spoiled them and before long rendered them unfit for use.

To meet this difficulty arrangements were made for quarterly inspection of the plants by the Mechanical Overseer attached to the Communications Board in return for an annual contribution of Rs. 120 per each outfit towards his pay and travelling expenses. Only seven District Boards agreed to the arrangement while others declined to avail of it.

The other trouble has been the difficulty and the delay in securing spare parts which could not be had without waiting for long periods during which time the establishment had to be paid sitting idle.

The last and perhaps more important cause of this inactivity has been the acute financial trouble that the District Boards had been experiencing during the last 2 or 3 years when the expenditure on roads was ruthlessly cut down to meet the deficit on the budget elsewhere.

I am inclined to think that another factor in the successful working of graders in a district is the personal interest taken by the District Engineer who has got to frame a programme of work and also look after the proper working of the plant.

In order to encourage the District Boards in the use of this machinery for purposes of road maintenance, I would suggest that discrimination should be made in the payment of grant on roads maintained by this method and the more expensive and less efficient method by manual labour.

This could be more easily possible when due to paucity of funds we are not paying the full cent. per cent. grant due.

SANT RAM,

Secretary, Communications Board, Punjab.

Resolved that a recommendation be made to Government to sanction a grant-in-aid of Rs. 7,954 to cover the entire cost of the construction of the scheme on the condition that the maintenance charges of Rs. 336 per annum is guaranteed by the District Board and are forthcoming from local resources.

Resolved that the proposed substitution is approved.

31. When charas has been retained in any warehouse in the Punjab for a period of two years from the date of its first registration in any warehouse in the Punjab, and the owner thereof is not traceable, the Collector may issue a proclamation, such as is mentioned in section 26 of the Police Act (V of 1861) as applicable to unclaimed property, destroying the charas if no claim is made within a period of six months, or, acting as in the preceding rule, if the owner appears and does not desire to clear and pay duty.

(1) as to the quantity of charas to be removed, and the amount of duty payable thereon ; and

(2) that the charas on which duty is being tendered is to be removed from the bonded warehouse for transport to the vend premises of a person licensed to sell charas in the Punjab or in an Indian State.

37. The officer in charge of the treasury, if he is satisfied that the certificate presented with the tender of duty fulfils the requirements of the foregoing rules, and that the sum tendered is the full duty leviable on the charas to be removed from the bonded warehouse, shall accept payment of the duty, and shall return the certificate with a treasurer's receipt for the duty paid.

38. The officer in charge of the warehouse shall weigh each package on the 1st of April and the 1st of October each year, and shall note the dryage in the registers in forms H-11 and H-12.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government, has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pensions from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the widows and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary of the Government of India and his report discloses very favourable results. For forms of applications and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

12. Where the holder of a permit in Form M.-5 is not himself the owner or occupancy tenant of the land from which the mineral is

in writing to forego his claim, be granted compensation for damage caused to him by the quarrying operations. Such compensation shall be estimated as nearly as may be in accordance with the provisions of sections 11, 23, 24 and 25 of the Land Acquisition Act, I of 1894, and be paid out of the sum deposited or guaranteed under rule 8 (*iv*). If the damage ultimately caused exceeds the compensation so estimated the owner or occupancy tenant in question may, within one month after the date of expiry of the permit, apply to the Collector for the balance of the compensation which shall, to the extent to which it is awarded by the Collector, be recoverable as an arrear of land revenue under the provisions of section 98 (*b*) of the Punjab Land Revenue Act, XVII of 1887.

The award of the Collector under this rule shall be final.

An application under this rule may be made personally or by registered post and need not be stamped.

13. The kanungo of the circle in which the quarrying operations are in progress shall, provided he can do so consistently with his other duties, check once a week the accounts of the quarrying operations prescribed in rule 10 (*i*), and in all cases verify the quantities actually quarried and removal by the permit-holder. He shall make a report of all such inspections to the tahsildar noting in particular any breaches of the rules or of the conditions of the permit, and informing him as soon as the period specified in the permit has expired, or quarrying operations have ceased, whichever is earlier.

F.—Levelling.

14. If the landowner or occupancy tenant of the land has, under the provisions of rule 12, agreed to forego his claim for compensation, or if he has, under the provisions of the rule 5 agreed to the issue of a free permit, the holder of the permit shall level up the ground as soon as he reasonably can after the completion of the quarrying operations. Failure on his part to do so shall be reported by the landowner or occupancy tenant within one month after the date of expiry of the permit to the Collector direct or through the patwari. The Collector shall thereupon proceed as if compensation had been claimed under rule 12 for damage caused by the quarrying operations.

An application under this rule may be made personally or by registered post and need not be stamped.

G.—Breach of rules to be reported by Revenue Officials.

15. It shall be the duty of every lambardar, sufedposh, zaildar and patwari to report any breach of these rules to the tahsildar.

16. The Collector may delegate any of his powers under these rules to an Assistant or an Extra Assistant Commissioner.

H.—Penalties.

17. (*i*) If a permit issued under rule 6 is not returned to the Collector or to the patwari within one week of the date of its expiry as prescribed in rule 6 (*iii*) the Collector may impose on the holder a penalty equal to the amount of royalty that would have been charged on the mineral, if it were assessable to royalty; and if the penalty so imposed is not paid within one month of demand it shall be recoverable as an arrear of land revenue under the provisions of section 98 (*b*) of the Punjab Land Revenue Act, XVII of 1887.

Failure to return the permit in time.

(*ii*) If a permit issued under rule 8 is not returned to the Collector or Government department or local body, as the case may be, within one week after the date of its expiry, as prescribed in rule 10, the Collector may, in his discretion, forfeit a sum not exceeding one-fourth of the security deposit made or guaranteed under rule 8 (*iv*).

Failure to remove in time the mineral quarried.

(*iii*) If any mineral quarried under a permit issued under rule 8 is not removed within the period specified in sub-rule (*ii*) thereof including any period of extension granted under rule 9 it shall be liable to be forfeited to Government. The Collector shall arrange to dispose of the forfeited mineral by sale or otherwise as he deems fit and credit the sale-proceeds to the head " V-Land Revenue—Miscellaneous."

(*iv*) Any person who (*a*) quarries any meneral without a permit or who (*b*) quarries a different mineral from that specified in the permit or a larger amount than what is so specified or (*c*) alienates by sale or otherwise any mineral in contravention of the conditions prescribed in these rules or in his permit, shall be liable to pay double the amount of royalty payable under rule 8, and such royalty if not paid within one month of demand may be realized as an arrear of land revenue under the provisions of section 98 (*b*) of the Punjab Land Revenue Act, XVII of 1887. Unauthorised extraction of minerals.

(*v*) If the permit holder fails to level up the land as provided in rule 14 as soon as he reasonably can, after the quarrying operations are complete he shall be liable to forfeit the whole or such part of the security deposit made or guaranteed under Rule 8 (*iv*) as the Collector may determine. Failure to level up the ground on completion of quarrying operations.

I.—How royalty, etc., is to be accounted for.

18. (*i*) The amount of royalty recoverable in advance under rule 8 (*iii*) shall at once be entered in the running register prescribed in paragraph 29 of Standing Order No. 31 and on recovery from the permit holder be credited into the Treasury or Sub-treasury to the head "V-Land Revenue—Miscellaneous." The amount of refund if any admissible under rule 11 should be drawn on a refund voucher and charged to "V-Land Revenue—Deduct Refunds."

(*ii*) The amount recovered on account of "Security deposits" shall be credited into the treasury as a "Revenue Deposit." On the expiry of the permit the amount lying in deposit on this account should be withdrawn either in cash or partly in cash and partly by transfer credit to "V-Land Revenue—Miscellaneous", according as any part of it is not or is ordered to be forfeited to Government under rule 17 in accordance with the procedure laid down in Article 201 of the Civil Account Code, Volume I.

(*iii*) Similarly the amount recovered on account of "compensation for damage, etc., payable to the landowner or occupancy tenant" may in the first instance be credited to "Revenue Deposits" pending subsequent withdrawal for disbursement to the land owners or occupancy tenants on the sanction of the Collector.

(*iv*) The amount of penalty imposed under rule 17 (*i*) if recovered in cash should be credited to the head "V-Land Revenue—Miscellaneous". Its record will be kept in the books of the wasil baqi nawis."

THE Bengal and Madras Service Family Pension Fund, which is provisionally managed and assisted by Government, has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pensions from Government.

Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the widows and daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after 5 years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary of the Government of India and his report discloses very favourable results.
